Integra Health Centre is growing and is looking for a talented and passionate physiotherapist to join our busy practice. The ideal candidate will be an orthopaedic based practitioner with a pelvic health specialty as they will be taking over a very busy practice. This is a very lucrative and amazing opportunity for the right candidate to build a successful practice!

We currently have a staff size of almost 30 with talented family physicians, specialists, chiropractors, physiotherapists, osteopath, massage therapists, psychotherapists, naturopath, and dietitian. Our one of a kind collaborative practice is leading-edge with a newly integrated EMR-based patient management system (JaneApp- launching end of March) and the latest technologies including Radial Shockwave Therapy.

We believe in excellence in patient care and our physiotherapy sessions include detailed assessments and one-on-one follow ups that include both manual therapy and exercise prescription in our spacious rehabilitation room. Our physiotherapist will have access to one private therapy room as well as the rehabilitation space for the highest level of expert care.

Integra Health Centre has an established practice base and we are looking for a passionate individual looking to build a long-term practice in orthopaedics with a sub-specialty in pelvic health due to our existing pelvic health patient base and large volume of pre and post natal patients that are regularly referred by our 6 full-time family physicians and external referral sources that include other doctor offices and OB's.

This is the ideal position for anyone looking for mentorship and a collaborative practice model with our clinical team. We provide regular clinical rounds that include mentoring, have a strong presence online and in the community where we hold regular events that are great for building up a busy practice and great reputation as an expert in the downtown community. We carry a strong reputation in the community because of our excellence in patient care by exceeding expectations and truly upholding our clinic brand as a leader in integrative medicine.

We are looking for someone with a few years of strong clinical experience, as the successful candidate will be taking over a busy combined pelvic and orthopaedic practice.

Find out more about Integra Health Centre on our website at www.integrahealthcentre.com. We are currently switching over to a new EMR with online booking and many other state-of-the-art practice management tools making this an ideal must-have for your practice management solutions.

We are looking for full-time permanent registered physiotherapists at our 130 King Street West office. This position is available April 1st, or possibly sooner. If you are interested in learning
